CICLO DI CONFERENZE DEL DECT
SU DESIGN, SOSTENIBILITÀ,
CULTURA DIGITALE, TERRITORIO
A CURA DI CINZIA FERRARA

All talks are scheduled in Central European Time (CET)

DESIGN FOR·TO·WITH·IN·BY·FROM·AS COMMUNITY

Design for/to/with/in/by/from/as Community is an open event to show, tell and discuss how both terms can be connected. It shares projects and researches, ongoing ideas, and insights that are contributing from information design. We are posing questions such as: What is a community? Is it possible to create awareness? Can Information Design play a role? What are experiences connecting both terms in a wide sense? During the international conference will try to answer such questions.
