

Call for applications for the selection of the External Quality Auditor of the 3L4MOHS project

In line with the project's Grant Agreement, the consortium of the approved project "Lifelong Learning for Mongolia, Occupational Health and Safety", GA Number: 101129094, ERASMUS-EDU- 2023-CBHE (in short "3L4MOHS"), within the framework of the Erasmus Plus Programme, Capacity Building for Higher Education, will appoint one (1) External Quality Auditor - hereinafter referred to as "EQA".

3L4MOHS is a 3-year project, co-funded by the Erasmus+ Capacity Building for Higher Education programme that aims to establish Lifelong Learning Centres (LLCs) at the university level in Mongolia to improve workforce skills, enhance digital education, and modernize the Occupational Health & Safety (OHS) curriculum. The initiative focuses on capacity building in Higher Education Institutions (HEIs) by transferring know-how from European partners, ensuring equitable access to lifelong learning across Mongolia's vast and sparsely populated regions. Specifically, the project's main objectives are to:

1. Establish Lifelong Learning Centres (LLCs) in four Mongolian universities to provide accessible, high-quality education for students and professionals.
2. Digitalize education and implement modern learning methods, including e-learning, XR technologies, and gamification, to overcome geographical barriers.
3. Develop and modernize an OHS curriculum as a pilot program to improve workplace safety in key industries such as construction, mining, and light industry.
4. Enhance HEIs' capacity to provide long-distance educational services and participate in EU-funded projects.
5. Foster university-industry collaboration, ensuring curricula meet market needs and support Mongolia's economic growth.
6. Improve quality assurance standards in Mongolian HEIs by implementing ENQA-aligned quality mechanisms.
7. Promote inclusion and accessibility by offering distance learning opportunities for remote and marginalized communities.
8. Train university staff, OHS auditors, and professionals, equipping them with modern educational and safety practices.

The present call refers to the selection of the EQA, in order to verify the quality of the project, the achievement of milestones and objectives, and evaluate the results of each Work Package of the project, based on the information provided by the Project Quality Manager and the Project Coordinator, according to the framework defined in the approved project. As part of the Project Quality Evaluation the EQA will visit the Mongolian Partner HEIs and discuss with Institutional Quality Control Teams. The EQA will produce two Quality Audit reports:

- By the end of the second year of the project implementation period (M24) with remarks and recommendations based on the evaluation of the deliverables and the field visits.
- At the end of the project implementation period (M34) with remarks about the quality of the project implementation and results with suggestions about project sustainability.

The selected EQA will enter a contract with the project member and Project Quality Manager, CRETHIDEV.
